6 September 2018

## NOTIFICATION

### **Subject: Enhancement of the website (Decision XXVI/43)**

Dear Madam, Sir,

The IAI Directorate notes that a review it has undertaken of its network and computer systems, as described in CoP-26 document *Computer and network technologies*, no. IAI/COP/26/20<sup>1</sup>, suggested that the IAI website is unable to fully meet the information needs of the Parties, and requires substantial re-organization of its content and a more flexible and secure web content management system.

In response to the above, the Conference of the Parties, at its 26th meeting (CoP-26, Antigua, Guatemala, 2018), adopted Decision XXVI/43 on the enhancement of the website:

*The Parties are invited to provide extraordinary resources and/or technical support for the enhancement of the IAI website including use of a new content management system and database technologies.*

The IAI Directorate is pleased to invite Parties to take note of Decision XXVI/43 and stresses that any collaboration will be much welcome. We would be grateful if Parties interested in contributing financial resources to complete the needed work contact the Directorate at [soledad@dir.iai.int](mailto:soledad@dir.iai.int), at your earliest convenience.

Please accept, Madam/Sir, the assurances of my highest consideration.

Yours sincerely,

Marcos Regis da Silva  
Executive Director
