

MoU

MoU Between
the Inter-American Institute for Global Change
Research
and
Science Summit at United Nations General
Assembly (UNGA78)

13-29 September 2023

Partnership MoU Between the Inter-American Institute for Global Change Research (IAI) and Science Summit at United Nations General Assembly (UNGA78)

The parties

Between	ISC intelligence in science, the organiser of the Science Summit at the UN General Assembly
And	Inter-American Institute for Global Change Research (IAI) Directorate

Partnership Purpose

The purpose of the partnership will be to support each other to bring greater visibility to the IAI community within the context of the Science Summit at the United Nations General Assembly from 12 to 29 September 2023. The main purpose of the Summit will be to advance greater awareness of the contribution of scientific collaboration to achieving the SDGs. Further information on the Science Summit is available on the website:

<https://sciencesummitunga.com/>

The obligation of the parties

The parties acknowledge that no contractual relationship is created between them by this MOU. The parties agreed to work together to ensure the success of the partnership. The scope of the partnership shall be defined by mutual consent and shall include:

- Sharing of knowledge to ensure shared objectives are achieved;
- Agree on operational guidelines for the preparation and organisation of scientific sessions set out in the call for session proposals: <https://sciencesummitunga.com/call-for-sessions-proposals/>
- Work together to promote the shared objectives outlined in the summit, including coordinated social media actions, publication of a joint press release and similar actions;
- IAI will be identified as the summit partner on the website and elsewhere as required;
- Meet as required to exchange views and discuss relevant objectives and strategies;

-

Transfer of funds

The parties agree that establishing this MOU does not create any financing funding obligation on either party.

Timeframe

This MOU will enter into force on 28 April 2023 and may be renewed annually.
