NOTIFICATION

Subject: Declaration by the Senate of Argentina on the IAI seminar Integrating global change knowledge to decision-making processes in La Plata Basin: a transdisciplinary approach

Dear Madam, Sir,

I am pleased to inform you that the Senate of Argentina recognized the importance of the IAI seminar *Integrating Global Change knowledge to decision-making processes in La Plata Basin: a transdisciplinary approach*, which was held on 8 to 14 September 2019 in Santa Fe, Argentina, through a Declaration which was made on 15 October 2020. A copy is attached for your convenience.

As Parties may recall, the meeting aimed to contribute to the training of scientists, policy makers and other professionals on issues relevant to global change with special attention on how science can contribute to the development of effective policies related to sustainable agriculture and use of natural resources in the La Plata region. Information on the meeting is available at: <http://www.iai.int/en/post/detail/Integrating-Global-Change-knowledge-to-decision-making-processes-in-La-Plata-Basin:-a-transdisciplinary-approach->

The meeting was organized by the IAI and, the Facultad de Ingeniería y Ciencias Hídricas (FICH) de la Universidad Nacional del Litoral (UNL). Other collaborators included the World Meteorological Organization, Regional Office for the Americas and the UNESCO Chair in Water and Education for Sustainable Development.

The Declaration reflects the important role that the IAI plays at the intersection of science to policy and its contribution in meeting the challenges posed by global change to the region.

Please accept, Madam/Sir, the assurances of my highest consideration.

Yours sincerely,

Dr. Marcos Regis da Silva
Executive Director
