

**Fredrick Ekow Esuon Jonah**  
**University of Cape Coast**  
**Ghana**

I graduated with a Bachelor of Science degree in Natural Resources Management, with a major in Fisheries and Watershed Management, from Kwame Nkrumah University of Science and Technology (KNUST), Ghana in June 2009. I continued with a Master of Philosophy programme in Aquatic Resource Management at KNUST from 2011 to 2014, with my research focused on assessing coastal erosion and management issues in Ghana. Currently, I am working with the Department of Fisheries and Aquatic Sciences, University of Cape Coast, Cape Coast – Ghana. My research interests are on beach ecology, coastal ecosystem management and conservation and fisheries management.
