

Carlos Matsumoto

Brazil

Title:

General Coordinator of Multilateral Cooperation, Ministry of Science, Technology and Innovation, Brazil

Academic/Professional Background:

BSc and MSc in International Relations (University of Brasília). Science and Technology Analyst (public service), since 2013.

Role/engagement with the IAI:

Brazilian Focal Point to the IAI

Science Diplomacy Experience:

As General Coordinator of Multilateral Cooperation at MCTI, I advise the Minister of State, Vice-Ministers and the Head of the Office of International Affairs in the Ministry's relationship with International Organizations, Regional and International Mechanisms and Multilateral forums. In this sense, science diplomacy is a core element of my daily work and my attributions at the Brazilian Federal Government.
