Annex

Report of the Financial and Administrative Ad Hoc Committee

Review of IAI 2025-2026 Core Budget Request

The Financial and Administrative Committee (FAC) operates as a committee of the Executive Council, providing advice to the IAI and EC on administrative and financial matters. Open to all member countries, the FAC presently is composed of one individual from the United States. The FAC received and has reviewed the IAI's core budget request for the coming fiscal year and recommends that the Executive Council forward it to the Council of the Parties for approval.

Budget

The FAC found the budget request to be responsive to the evolving nature of IAI operations, and the proposed expenses reasonable and appropriate. In the core budget request, country contributions for the next fiscal year (2025-2026) are proposed, with expenses of about USD 1.680.0000.

Audit Report

The Auditors' report covering fiscal year 2023-24 gave an unqualified opinion that the IAI's financial statement presented fairly in all material respects the financial position of the IAI. Staff are commended for again receiving an unqualified audit opinion.

Country Contributions

As an international organization, the IAI relies on the voluntary contributions of its members to support day-to-day operations and oversee research activities. Without the sustained support of the IAI through the contributions of all members, the long-term health of the IAI is threatened. An increase in the value of contributions of 20 percent compared to the 2023-2024 fiscal year is proposed for the 2025-2026 fiscal year (flat to the 2024-2025 fiscal year) with subsequent increases of 5% for the 2026-2027 and 2027-2028 fiscal years.

FINANCIAL AND ADMINISTRATIVE AD HOC COMMITTEE

Charter: The Financial and Administrative Ad Hoc Committee (FAC) is charged with acting on behalf of the Executive Council in matters related to planning, preparation, and implementation of IAI financial, administrative and project management issues. These responsibilities include:

- Review and approve terms and conditions of IAI Directorate staff salaries and benefits;
- Review and approve policies for cost of living and merit increases;
- Recommend to EC changes to member country contributions;
- Review financial accounts and cash flow against approved Core Budget, Programmatic Budget and Other Funds;
- Review draft Core Budget prior to presentation to EC and CoP;
- Review and approve changes to IAI administrative and financial procedures and manuals; and
- Other duties as assigned by the Executive Council.

Composition and Mode of Operation: Membership is open to all EC member countries and is for a two-year period, with the IAI Financial Officer as a member ex-officio. The members of the Financial and Administrative Ad Hoc Committee elect the Chair. The Charter and membership will be reviewed every two years.

The FAC will interact regularly with the IAI Directorate through the Director. If such consultations identify an issue regarding which the FAC and the Directorate cannot agree, the issue will be referred to the Executive Council or to the Bureau, whichever is most timely. The Financial and Administrative Ad Hoc Committee will report to the Executive Committee at each EC meeting.

FAC members typically pay the costs associated with attending meetings of the FAC. However, the Directorate may, based on need and availability of funds, support expenses for the attendance at Financial and Administrative Ad Hoc Committee meetings.

Current Membership: United States, and IAI Financial and Administrative Officer (*ex officio*)
