

PANAMÁ 21-22 JUNIO 2023

Belmont Forum Report

Anna Stewart Ibarra

IAI

Belmont Forum

Global partnership of 39 science councils & funding agencies. IAI is the host.

Multinational transdisciplinary research providing knowledge for understanding, mitigating and adapting to global environmental change.

Collaborative Research Actions

To apply, each research consortium must have members from least 3 countries and funding from 3 resource partners

BELMONT
FORUM

Integrated Approaches to Human Migration/Mobility in an Era of Rapid Global Change CRA

Immobility in a changing climate (ITHACA). Brazil

Topic: Reasons to stay (by choice or constraints) and why people return after being affected by climate impacts.

Human Mobility, Global Challenges, and Resilience in an Age of Social Stress (PHOENIX). Uruguay, Argentina, Brazil

Topic: How climate (im-)mobilities and their social tipping points are shaped by socio-cultural contexts and the psycho-social health of populations.

International migration, climate change, and network effects: A worldwide study. Chile, Argentina

Topic: A global framework to study the influence of climate change on migration and analyzes the role of neighboring countries on migration flows.

Total funding: US\$444,000

Acción de Investigación Colaborativa de Belmont Forum en Clima, Ambiente y Salud (CEH2)

¡Que tu ciencia cambie el mundo!

Convocatoria de fondos de investigación en Clima, Ambiente y Salud

Temas de la convocatoria:

- Ciencia de la decisión sobre conductas ambientales y su implementación
- Alimentación, ambiente y seguridad biológica
- Riesgos climáticos para ecosistemas y poblaciones

Acción de Investigación Colaborativa en Clima, Ambiente y Salud II

Postulaciones hasta: 15 julio 2023

Climate, Environment and Health (CEH2) CRA

IAI is funding research teams from Latin America and Caribbean member states.

- Up to \$300,000 per project
- 5-7 projects anticipated.
- Pre-proposals due July 15.

Amazonia and Tropical Forests: Global Implications and Need for Urgent Action CRA

Co-led by IAI and FAPESP

- Recognizes the pressing challenges and opportunities to meet the targets under the Sustainable Development Goals and the Kunming-Montreal Global Biodiversity Framework.
- Acknowledges differences in governance, cultural diversity, and territorial configuration across tropical forests.
- Aims to coordinate research projects with a transdisciplinary, participatory approach to develop innovative solutions to these challenges.

Timeline: Amazonia and Tropical Forests CRA

Oct 2022 - May 2023	Scoping workshops
Feb-Sept 2023	Funders meetings to refine call text
June 2023	Update presented at SRI2023
Sept 2023	Draft of funding call text
Oct 2023	CRA presented at Belmont plenary
Early 2024	Launch of CRA
Early 2024	Transdisciplinary training workshops
Later 2024	CRA Proposals Due
Late '24/early '25	CRA projects to begin

Upcoming scoping workshops

Science, policy and funding priorities for tropical forests

Partner: Smithsonian Tropical Research Institute (STRI)

Date: Wednesday, June 28, 2023, 16:00 - 18:30 Panama Time

Place: Panamá Convention Center, America 2 Ballroom (SRI side event)

Local engagement and knowledge co-production for the Amazon and Tropical Forests

Partners: Humboldt Institute Colombia, Instituto Amazônico de Investigações Científicas (SINCHI), The Society for the Anthropology of Lowland South America (SALSA) - XIV Biennial SALSA Conference 27-30 July 2023

Date: 28 and 29 July 2023

Place: Leticia, Colombia
